

# ZIPHIUS VACCINES

## Quality Assurance Manager

**Location:** Ghent, Belgium

### Job description

Ziphius Vaccines is a pharmaceutical company that focusses on the development of mRNA-based vaccines. For our development programs, we are currently looking for a **Quality Assurance Manager** who will be responsible for developing, implementing and managing the Quality Management System (QMS). You will be working in a young and dynamic environment where collaboration and teamwork are encouraged.

### You will have responsibility for:

- Development, implementation, management and maintenance of ISO, GMP and GCP principles according to international and national law and regulations.
- Coordination of the development, revision, implementation and traceable distribution of all quality documents (e.g. SOPs).
- Maintenance of an up to date and in-depth knowledge of appropriate national and international GxP-legislation and guidelines; and assessing the impact to assigned business area processes and procedures.
- Representation of QA in all operational meetings related to the area of responsibility.
- Working collaboratively with other scientists, technicians and colleagues as part of a multidisciplinary project team.

### Preferred qualifications

- You have a Master's Degree in Pharmacy, Science or equivalent level of knowledge.
- Minimum 5 years of relevant experience in QA in the pharmaceutical industry.
- Excellent knowledge of quality management systems and quality processes.
- Experience in the field of mRNA/vaccines will be considered as a strong advantage.
- Effective written and verbal communication skills. Ability to handle multiple projects, prioritize work and meet deadlines.
- Ability to see the broader picture and impact on multiple programs.
- Ability to lead and facilitate group discussions in a constructive and positive direction.
- Fluent in English.

**What we have to offer**

The position is full-time. We offer a market-compliant salary, including an attractive package of fringe benefits. We offer you a challenging career in a dynamic and fast-growing company, including opportunities for strong personal development within a multidisciplinary environment.

**Why Ziphius Vaccines?**

Ziphius Vaccines' team consists of a well-balanced, diverse group of people with complementary skills. The team members are united by their common passion for health care and entrepreneurship. Ziphius has a culture of creativity and innovation, supported by its values that include Transparency, Respect, Courage and Integrity.
